

Falkland Values

Values are principles that drive our thinking and behaviour. They influence our actions and attitudes, and guide us through life in all that we do. They influence our relationship with ourselves and others.

In July 2015, we asked the whole school community to tell us which values they thought were the most important at Falkland School. This involved the children, parents and staff.

We decided that the following values are the most important to us and they will be embedded in all we do at Falkland School.

Honesty, Respect, Courage, Tolerance, Resilience, Determination, Responsibility, Love, Compassion, Friendship, Kindness and Teamwork.

At Falkland School we show each other **RESPECT,**

we have **TRUST** and show **KINDNESS** and

HONESTY towards one another.

LOVE, FRIENDSHIP and **TEAMWORK**

make our school a wonderful place to learn.

We have **COMPASSION, COURAGE** and **TOLERANCE**

and show **RESILIENCE** and **DETERMINATION** in our learning.

We are able to take **RESPONSIBILITY**

for our own actions.
